

Superior quality and attention to detail make our **Classic Plus® and Classic® Instruments** a long-term value for your OR.

- Exceptional warranties ensure your instruments continue to perform at a high level
- Crafted using 400 series grade stainless steel for increased durability
- Stellite inserts in our Classic Plus® scissors create a sharper, smoother cutting action
- Tungsten Carbide jaws are designed to sustain their straight edge and needle-holding power

Classic Plus® & Classic® Instruments

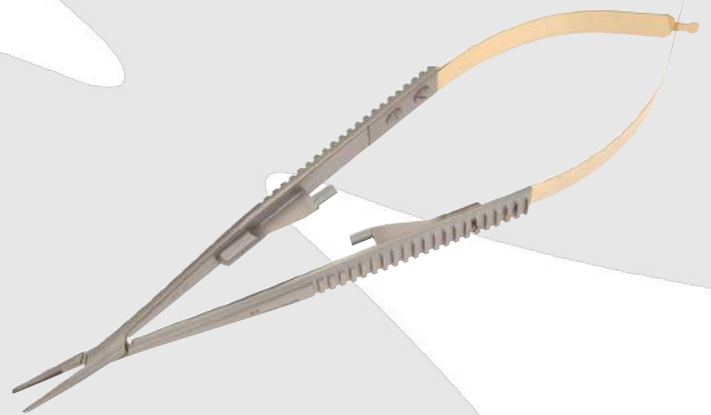

Classic Plus® Instruments

Our Classic Plus® instruments represent our finest surgical instrumentation. The jaws on Classic Plus® instruments are precisely ground and shaped for enhanced and accurate performance, while the satin finish is designed to reduce glare during surgical procedures.

Needle Holders

Inserts in our Classic Plus® needle holders are guaranteed for **five years** from date of purchase.

- Tungsten Carbide jaws are designed to sustain their straight edge and needle-holding power for years
- Milled inserts provide uniform serrations to enhance stability when grasping a needle
- Tips are uniformly smooth and carefully rounded to avoid catching sutures
- Jaw serrations are precisely meshed for a firmer grip
- Rachets are precisely undercut and polished for secure, effortless locking and unlocking
- Shanks are slim and lightweight for easy, flexible use

Scissors

Our Classic Plus® scissor inserts are guaranteed to stay sharp for **ten years** from date of purchase under normal use or we will sharpen them for free.

- Stellite® inserts in our Classic Plus® Scissors create a sharper, smoother cutting action.
- Tips are uniformly rounded on all blunt scissors and are designed for precise distal cutting
- Cutting edges with Tungsten Carbide inserts stay sharp longer
- Blades are carefully contoured to provide precise scissoring action

Forceps

Inserts in our Classic Plus® forceps are guaranteed for **five years** from date of purchase.

- Tungsten Carbide jaws allow a firm hold with light pressure
- Tips double as both tooth and smooth because they will hold securely without penetrating the tissue
- Jaw serrations are precisely meshed to provide firmer grip

Classic® Instruments

Our Classic® instruments are a culmination of more than 140 years of experience in the design and manufacture of surgical instruments. They are made of highly-tempered stainless steel, which combines rust and corrosion resistance with rugged, long-lasting strength. All Classic® instruments are unconditionally **guaranteed for five years**. Should anything happen to disrupt their function, we will repair or replace them for free!

Hemostats

Our Classic® hemostats are guaranteed for **five years** from date of purchase under normal use.

- Flat screws provide a smooth, clean profile to prevent tissue abrasion
- Tips are uniformly smooth and carefully rounded to prevent snagging
- Box lock on inner surfaces allows for a smooth and effortless action, while cold assembly followed by tempering adds extra strength and durability
- Shanks are slim and lightweight for easy, flexible use

Scissors

Our Classic® scissors are guaranteed to stay sharp for **five years** from date of purchase under normal use or we will sharpen them for free.

- Flat screw provides a smooth, clean profile to prevent tissue abrasion
- Finish is a unique combination of bright and matte to help distinguish from other instruments

Warranty Details

Symmetry Surgical offers specified Warranty Programs as outlined below:

Classic® branded surgical instruments are warrantied for workmanship and materials for five (5) years. Should anything happen to disrupt the function of these instruments, we will repair them at no charge to you.

All Tungsten Carbide inserts on Classic Plus® Needle Holders & Forceps are guaranteed for five (5) years of normal use. All Stellite inserts in Classic Plus® Scissors are guaranteed for ten (10) years of normal use.

All Symmetry Surgical instruments are warranted to be free from defects in workmanship and materials or will be replaced or repaired at no charge, at Symmetry Surgical's discretion. Warranty assumes product maintenance, if required, has been preformed at a Symmetry Surgical authorized repair center. Alteration, repair or modification of any product performed by persons not authorized by Symmetry Surgical will result in immediate loss of warranty.
